Miss Grace Armstrong,

Markdale, Ont.

Dear Miss Armstrong:

In reply to your inquiry I may say that the University opens on September 24th.

There are two courses in English and History, one with a Classical option and the other with a Modern option. A student who proposes to enter the Classical option is required to obtain at Honour Matriculation at least 50% in Greek, Latin and English, at least 40% in Mathematics. For the Modern option 50% is required in Latin, German and French, and at least 40% in Mathematics. It would be necessary for you to attend the High School or Collegiate Institute for another year to comply with this honour standing, if you have at present only pass Junior Matriculation.

I am sending you a copy of the Arts Calendar, and on pages - 159 and 161 you will find the course in English and History outlined.

Yours very truly,

President.
